

Fine China: Foam

# Foam

*New range for 2018.*

---

## *Subtle texture.*

Today's chefs are looking for a new twist on plain white that does not detract from the clean, pristine finish white tableware provides.

The idea for Foam came from the patterns of tiny air bubbles formed in culinary foams. Reproduced in the decoration, the subtle white on white bubbled texture creates a point of difference, but still retains the white finish so loved by chefs.

Stylish and extremely practical in service, the textural finish of Foam negates any unsightly thumbprints on plate edges – a clear benefit during a busy service. Foam is available on a complete suite of items to cover an entire menu, including beverage.

Foam is from the Dudson Fine China range, which combines the delicate qualities of fine bone china with the strength of vitrified tableware. Industrial dishwasher and microwave safe, Foam will withstand the demands of a professional kitchen and a busy service.

### **We have confidence in our products.**
